# INTEGRATED OPEN MARKETPLACE

## Connecting All Agri Value Chain Stakeholders

**Nxtperson Private Limited**

**Digitising Agriculture, Empowering Farmer**

**Our vision** – Building India's premier end-to-end digital agri-marketplace and value chain

**Our Goal** – Eliminate post-harvest waste and secure sustainable, data-driven food systems

**Impact** – Sustainable Practice & Double the farmer income by eliminating middlemen

## LEADERSHIP & FOUNDING TEAM

**Snehal Talati (MBA)**
Founder& CEO

**Rajesh Talati**
Director & Advisor

**Karan Bhatt (MS in AI)**
Technology Partner

# 2. PROBLEM STATEMENT

Indian agriculture faces structural challenges that impact productivity, profitability, and food security.

Nxtperson Private Limited

Digitising Agriculture, Empowering Farmer

**Fragmented landholdings limit mechanization and economies of scale.**

**Climate change increases the frequency of droughts, floods, and erratic rainfall.**

**Soil degradation and declining water availability reduce agricultural productivity.**

**Digital and precision farming technologies remain underutilized, particularly among smallholder farmers.**

**Significant post-harvest losses continue to impact profitability and food security.**

**Inadequate grading, sorting and quality assessment contribute to significant post-harvest ₹90,000 Cr (ICRIER (2024)) losses annually and reduced farmer income**

# 3. SOLUTION

AI-Driven Climate-Resilient Agricultural Value Chain

Integrated. Intelligent. Impactful.

**Nxtperson Private Limited**

Digitising Agriculture, Empowering Farmer

## 1. AI-Powered Quality Assurance & Farm-Gate Grading

Instant AI grading ensures transparent pricing and reduces post-harvest value leakage.

₹90,000 Cr
Annual value saved

## 2. Precision Agriculture with IoT & Smart Irrigation

Real-time field intelligence optimizes inputs, conserves resources, and boosts productivity.

Up to 30% water savings

## 3. AI Advisory & Digital Farmer Platform

AI-driven insights in local language empower farmers with the right advice, at the right time.

Scalable. Accessible. Farmer First.

## 4. Integrated Digital Marketplace

Connects the entire value chain to unlock market access, transparency, and better incomes for farmers.

Higher Income. Stronger Ecosystem.

# 4. PRODUCT & SERVICE – HOW IT WORKS

An AI-Powered End-to-End Agricultural Value Chain Platform

**Nxtperson Private Limited**

Digitising Agriculture, Empowering Farmer

**1: Registration & Assessment**

**1. Farmer Registration** — Aadhaar | Land | Crop

**2. AI Farm Assessment** — Soil | Satellites | Weather | Crop

**2. Precision Farming & Digital Service**

**3. Precision Agriculture** — Sensors | Drones | Irrigation

**4. Digital Advisory**
- Pest/Disease alerts
- Fertilizer
- Voice Assistant

**5. Harvest & Quality AI**
- Computer Vision
- Grading
- Traceability
- QR Certification

**3: Access to Market & Finance**

**6. Marketplace Access**
- Manufacturer
- FPOs/APMCs/Farmers
- Corporators/FMCGs

**7. Logistics & Finance**
- Transport
- Warehousing
- Insurance
- Carbon Credits
- Digital Payments

**8. International Buyer Connect** — Manufacturers | HoReCa |Exporters | Tech Giant | Food Processor

## SUPPLY SIDE

**Farmers**
List produce, get better prices

**FPOs / APMCS**
Aggregate supply, ensure quality

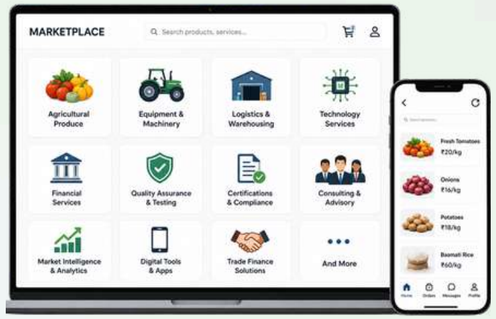

**OEMs / Retail Equipment Suppliers**
List equipment & solutions

**Technology Providers**
Offer digital tools and services

**Warehouse & Logistics**
Provide storage & transport services

List Products & Services

## MARKETPLACE PLATFORM

Smart Search & Discovery | Verified & Trusted | Secure Payments | Ratings & Reviews | Contracts & Transactions

**TECHNOLOGY ENGINE**
AI Matching | Data Intelligence | Predictive Analytics | Automation | IoT |

## DEMAND SIDE

**Input Manufacturers**
Source raw materials & components

**Business Advisors**
Find experts & consultants

**Government Agencies, R&D Institutions**
Procure & collaborate

**Banks, Creditors, Insurance**
Offer financial products & services

**Buyers & Sellers**
Connect, negotiate & trade

Buy / Connect / Transact

# 5. MARKET OPPORTUNITY

Building India's Most Comprehensive Agriculture Marketplace

**Nxtperson Private Limited**

Digitising Agriculture, Empowering Farmer

## TAM (Total Addressable Market)

**₹3.5+ Lakh Crore**

**(–US$42B)**

**Entire Indian Agritech Market**

- Agri Input Marketplace
- Agri Produce Trading
- Warehouse & Logistics
- Farm Equipment Rental
- Agri FinTech & Insurance
- Advisory & Technology Service
- Data & Analytics
- Others

Growth: 20–25% CAGR through 2030

## SAM (Serviceable Available Market)

**₹52,000 Crore**

**(–US$6.2B)**

**Addressable Marketplace Opportunity**

- Farmers, FPOs & APC
- Agri Produce Buyers
- Input Manufacturers
- Warehouse & Logistics Partners
- Equipment Owners / OEMs
- Banks, NBFCs & Insurance
- Government Agencies & R&D Institutions
- Technology & Service Providers

## SOM (Service Obtainable Market

**₹520 Crore**

**(5-Year Target)**

**Realistic Revenue Opportunity**

- Initial focus on select states & high-value crops
- 2–3 Lakh Farmers & 500+ FPOs onboarded
- 5,000+ Buyers & $1,000+ Sellers
- Multi-Revenue Streams (Transaction Fee, SaaS, Subscription, Commissions, Advertising, Partnerships)
- High Repeat Usage & Network Effect
- Strong Unit Economics & Scalable Model

**~18%**
Agriculture Contribution to GDP

**~45%**
Population Dependent on Agriculture

**146+**
Million Farmers in India

**20–25% CAGR**
Agri Market through 2030

## INDIA AGRI ECOSYSTEM AT A GLANCE

| 146 + MN | 10,000+ | 7,000+ | ₹60–70 Lakh Cr | <10% |
|---|---|---|---|---|
| Farmers | FPOs | APMCs | Annual Agri Market Size | Digital Penetration |

**Sources: FICCI, NASSCOMM, IEF, IMARC, Gov. of India Reports, Industry Reports**

## WHY THIS IS A MASSIVE OPPORTUNITY?

- Highly fragmented value chain with low digital adoption
- Large transaction volumes across multiple stakeholders
- Government initiatives driving digital agriculture (ONDC, Agri Stack, Digital Agriculture Mission)
- Strong tailwinds: Rising demand, climate resilience, food security

# 6. BUSINESS MODEL

Multiple Revenue Streams | Sustainable Growth | Creating Value for Agri Ecosystem

**Nxtperson Private Limited**

Digitising Agriculture, Empowering Farmer

**OUR MARKETPLACE PLATFORM**

Connect • Enable • Empower

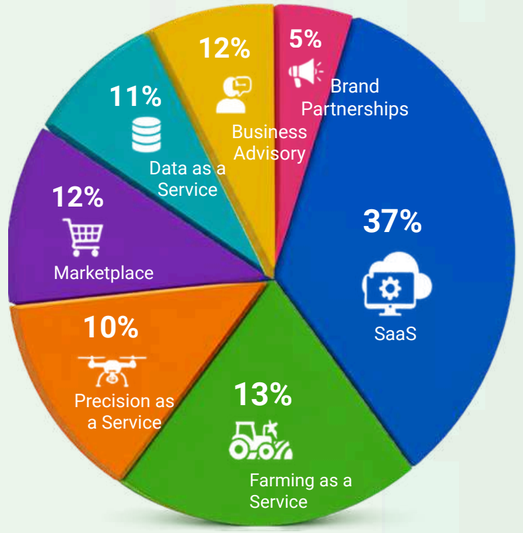

One Platform.
Endless Opportunities.
Shared Growth.

- Smart Marketplace Buy, Sell & Connect
- Real-time Intelligence
- Trust & Transparency Verified & Secure
- Technology Powered Scalable & Secure
- Ecosystem Growth Stronger Together

| | CUSTOMER SEGMENT | REVENUE MODEL | PRICING / COMMISSION |
|---|---|---|---|
| 1 | Farmers / FPOs / APCcs | Freemium + Premium SaaS | ₹199 – 1999/month |
| 2 | Agri Produce Buyers | SaaS + Transaction Fee | 1 – 2% GMV |
| 3 | Input Manufacturer | Marketplace Commission | 3 – 5% |
| 4 | Warehouse & Logistic Partner | Storage Booking + Booking Commission + SaaS | 5 – 8% |
| 5 | Equipment Owners / OEMs | Listing + Rental Commission | 8 – 12% |
| 6 | Gov. Agencies, R&D Institutes | Data Subscription + Data Analytics | Annual Subscription |
| 7 | Agri Brand Partners | Commission, Advertising & Promotions | Depends on Project |
| 8 | Banks & NBFCs | Referral Commission | 1 – 1.5% |
| 9 | Technology Partners | API & Platform Integration | 5 – 10% |

## REVENUE MIX (2031)

Diversified Revenue Streams Driving Sustainable Growth

## UNIT ECONOMICS (TARGET 2031)

Strong Foundation. Scalable Growth. High Profitability.

| KEY METRIC | TARGET (2031) | BASIS / CALCULATION |
|---|---|---|
| Customer Acquisition Cost (CAC) | ₹500 / User | Blended acquisition cost through Digital Marketing (25%), FPO & Cooperative Network (35%), Referral Program (25%) and Field Sales (15%). |
| Annual Revenue per User (ARPU) | ₹4,750 / Year | Total Platform Revenue ₹20.90 Cr ÷ 44,000 Active Users |
| Lifetime Value (LTV) | ₹28,500 / User | ₹4,750 ÷ 80% Gross Margin × 7.5 Years Average Customer Lifetime |
| LTV : CAC Ratio | 57:1 | ₹28,500 ÷ ₹500 |
| Gross Margin | 82% | High-margin SaaS, Marketplace, Data & Platform services after direct operating costs |
| Contribution Margin | 78% | Gross Margin after Cloud Infrastructure, Payment Gateway, Customer Support & Variable Platform Costs |
| CAC Payback Period | 1.4 Months | CAC ₹500 ÷ Monthly Gross Profit per User (₹4,750 ÷ 82% ÷ 12) |
| Marketplace Take Rate | 1.0% GMV | Marketplace Revenue ₹2.50 Cr ÷ ₹250 Cr GMV |

| Revenue Source | Annual Revenue | Share |
|---|---|---|
| Marketplace | ₹2.50 Cr | 12% |
| SaaS | ₹7.66 Cr | 37% |
| Farming as a Service | ₹2.66 Cr | 13% |
| Precision as a Service | ₹2.14 Cr | 10% |
| Data as a Service | ₹2.33 Cr | 11% |
| Business Advisory | ₹2.47 Cr | 12% |
| Brand Partnerships | ₹1.12 Cr | 5% |
| Gross Revenue | ₹20.90 Cr | 100% |

# 7. ROADMAP & MILESTONES

Building the Future of Smart, Sustainable & Profitable Agriculture

**Nxtperson Private Limited**

Digitising Agriculture, Empowering Farmer

## 2026-27 FOUNDATION & MVP

### PRODUCT & TECHNOLOGY

- Launch AI Marketplace MVP
- Digital Farmer & Buyer Platform
- Input Marketplace
- Digital Payment & Settlement

### MARKET EXPANSION

- Pilot in Ahmedabad & North Gujarat
- Networking with Farmers/FPOs/APMCs
- Parnership with Agri Input Manufacturers

### BUSINESS MILESTONES

- 350 Business Advisory
- 733 Agri Product Buy & Sales
- 30700 Potential SaaS/Faas Buyers
- ₹133 cr GMV (2026-27)

## 2028 COMMERCIAL LAUNCH

### PRODUCT & TECHNOLOGY

- Software as a Service (SaaS)
- Agriculture Equipment platform
- Rental Equipment Market (FaaS)
- Business Intelligence

### MARKET EXPANSION

- Expand across Gujarat
- Tie up with 3PL logitics & Warehouse Providers, Government Agencies, & Buyers

### BUSINESS MILESTONES

- 5100+ Active SaaS Users
- 4100+ Active FaaS Users
- 11000 New Paas Customers
- ₹162 Cr GMV

## 2029 REGIONAL EXPANSION

### PRODUCT & TECHNOLOGY

- Crop Cycle Management (PaaS)
- Post Harvest Quality & Grading
- Warehouse Management Integration
- Smart Logistic System

### MARKET EXPANSION

- Western India (RJ, MH, MP)
- Connecting Corporate Buyers, FMCGs, & Exporters
- Tie up with 3PLs & Warhouse Service Providers

### BUSINESS MILESTONES

- 4500+ PaaS Active User
- 1000+ New DaaS Customer
- 60+ New Brand Partners
- ₹197 Cr GMV

## 2030 PAN-INDIA SCALE

### PRODUCT & TECHNOLOGY

- Data Analytics
- Brand Partnership
- Agriculture Fintech
- Processing Industry Integration

### MARKET EXPANSION

- Presence across India
- Alliance with Fintech Institutions, Carbon creditors, & Insurance Companies

### BUSINESS MILESTONES

- 500+ Active DaaS User
- 30+ Active Brand artners
- Alliance to Robotic Company
- ₹233 Cr GMV

## 2031 GLOBAL EXPANSION

### PRODUCT & TECHNOLOGY

- Trading Platform
- Predictive Analytics
- Digital Twin Agriculture
- Robotics & Autonomus Operation

### MARKET EXPANSION

- Middle East, Europe, Southeast Asia
- Collaboration with Robotic & Autonomous Company

### BUSINESS MILESTONES

- 44000+ Active Service Users
- 140000+ Register Farmer
- 6000+ Active Buyer/Salers
- ₹270 Cr GMV

### OUR VISION

Empowering Agri-Value Chain with AI, Data & Innovation

### SCALABLE IMPACT

From building the foundation in Gujarat to transforming agriculture across India and the world.

### FARMER-CENTRIC

Driving Profitability, Sustainability & Resilience

### SUSTAINABLE FUTURE

Technology for Today, Legacy for Tomorrow

# 8. KEY RISKS & MITIGATION

Proactive approach to manage risks and ensure sustainable growth

Nxtperson Private Limited

Digitising Agriculture, Empowering Farmer

## 01 Farmer Adoption & Digital Literacy

Smallholder farmers may be reluctant to adopt AI, IoT, digital platforms due to limited awareness, trust, and digital literacy.

### Mitigation Strategy

- Partner with FPOs, APMCs, KVKs, NGOs & gov. agencies
- Provide multilingual, voice-enabled mobile applications
- Offer free advisory services & demo farms to build trust
- Deploy agronomists & field officers for training & support

## 02 Marketplace Liquidity & Network Effects

The marketplace needs sufficient participation from both farmers and buyers. Without balanced supply and demand, transaction volume may remain low.

### Mitigation Strategy

- Launch regionally in high-value crops
- Secure anchor buyers (exporters, processors, retailers)
- Offer onboarding incentives for farmers & FPOs
- Build liquidity through SaaS, Precision- & Farming-as-a-Service

## 03 Climate, Regulatory & Technology Risks

Extreme weather, evolving regulations, and technology reliability could impact service delivery and business growth.

### Mitigation Strategy

- Use AI, satellite imagery, weather & IoT for predictive advisories
- Align with AgriStack, DCS, e-NAM & gov. digital initiatives
- Maintain ISO-compliant data security, system audits & cloud redundancy
- Continuous R&D to ensure platform reliability

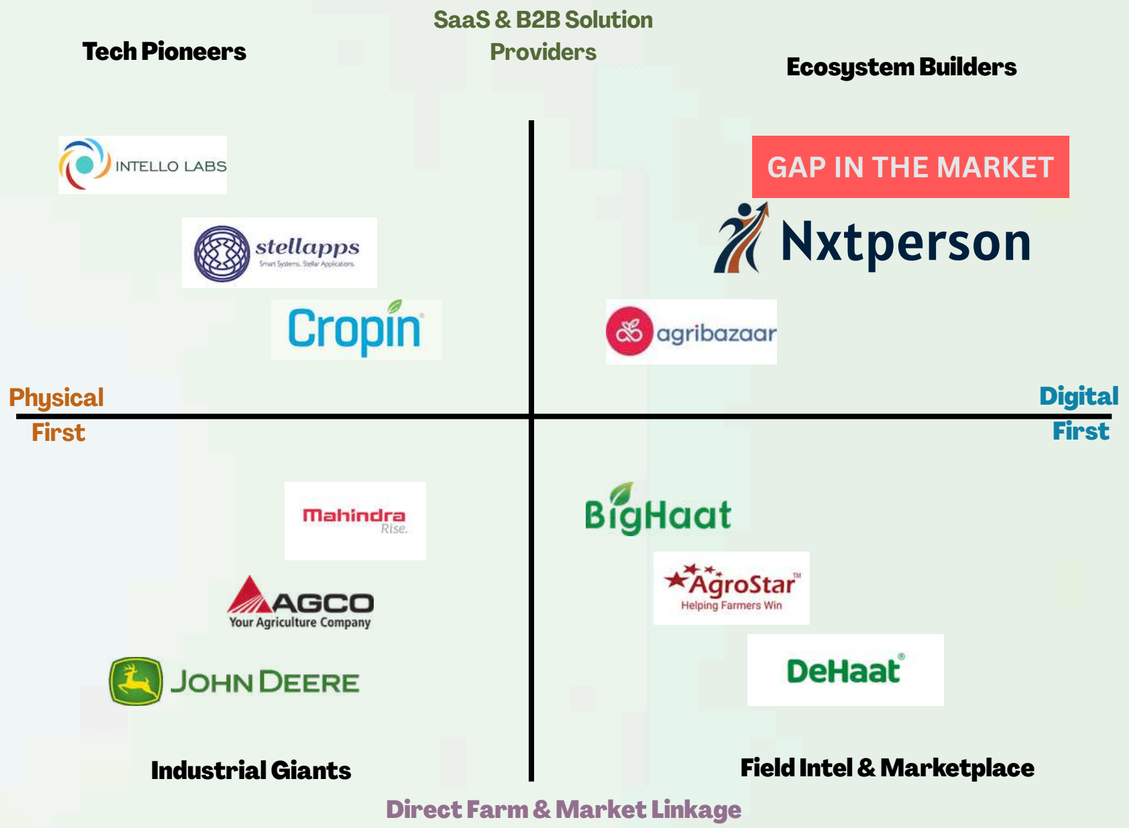

# 9. COMPETITOR ANALYSIS & OUR ADVANTAGE

AI First and Farmer Centric Agritech Ecosysteem

**Nxtperson Private Limited**

Digitising Agriculture, Empowering Farmer

## WHY NXTPERSON STANDS OUT

**AI-First Platform**
Deep AI/ML + field intelligence at core

**End-to-End Coverage**
Only player across entire agri value chain

**Farmer-Centric Design**
Built for scalability, simplicity & trust

**Ecosystem Approach**
Integrating stakeholders for shared growth

**Data-Driven Impact**
Real insights. Measurable outcomes.

Digitising Agriculture, Empowering Farmer

# THANK YOU!

## Building the Future of Farming. Together.

We appreciate your time and consideration. Together, let's empower farmers, enable sustainable growth, and create lasting impact.

### Our Mission

To become India's most trusted agritech ecosystem driving productivity, profitability and prosperity for every farmer.

**Farmer First**
Empowering farmers with technology and knowledge.

**AI + Innovation**
Leveraging AI, data & IoT for smarter agriculture.

**Sustainable Growth**
Building a resilient ecosystem for long-term impact.

**Scalable Impact**
Creating value for farmers, partners and investors.

**More Value. More Impact. More for Farmers.**
